How to calculate your monthly premium

Simply find your age and gender for the plan(s) you are considering and the associated cost in the next column. If you wish to enroll family members, the total monthly premium will be a combination of the single rates for each member of the family. Each person is evaluated individually, based on age and gender.

* Rates are subject to increase upon underwriting review. Networks may not be available in all zip codes and are subject to change.

*** Age 65+ rates are not available to new applicants.
